

JOJI SHIOTSUKI

Senior Web Developer

SUMMARY

Web developer specialising in WordPress and modern JavaScript. I build and maintain marketing sites, SEO-driven builds and custom apps for small teams and agencies in the Philippines and the US, and I founded and ran a small web agency. Open to senior roles in Australia and the US, remote.

WORK EXPERIENCE

Freelance Web Developer & Agency Founder

Philippines & US clients

October 2024 – Present

- Founded and ran Spark Your Designs, a small web design agency: won the work, led development and handled client delivery end to end. Since closed.
- Built Pundok Studios (WordPress, local SEO), now ranking #1 on Google for “barbershop Cebu”.
- Delivered Samantha Angeli, an editorial WordPress build for a US branding consultancy, structured around five service pillars.
- Took YOU% Nutrition to #1 for “nutritionist in Cebu City” on a build plus a three-month SEO programme.
- Built KontentFire (React, TypeScript, Node, OpenAI and Anthropic APIs) and Vertex (FastAPI, Python, React, TypeScript).

WordPress Developer at Polianna

May 2024 – October 2024

- Built modern, responsive WordPress sites with a team, applying performance, accessibility and SEO practice.
- Delivered We Coat Commercial Roofing, a four-state site with per-service and per-location pages, schema and a wired-up quote form.
- Also built for Knock Knock Heating & Cooling, Mimi’s Jewelry, Spectrum Signs & Wraps, Tru Plumbing & Excavating, Maid To Please, Sleekmaids and HVAC Precision Experts.

Freelance Web Developer

2020 – 2023

Team Lead at Toyota Inter Japan

April 2018 – August 2020

- Led retail operations and a front-line team.
